# Special Notice

With the Easter holidays approaching, we would like to provide you with some information about vaping. As you are aware, school holidays are often a time when some young people begin to take risks and experiment.

Unfortunately a number of stores are selling vapes to teenagers. As this is against the law it should be reported to trading standards. Please find [a guide to vaping and a video](#) for parents that you can use to have conversations with your children.

We have also included a [guide on nicotine pouches](#).

Ms Saccheri

---

What a great week to wrap up the spring term.

The week began with the fantastic Gym and Dance Show, where lots of Year 8 students wowed us with their strength, coordination, creativity, and confidence on stage- it was brilliant to see so many of you shining in front of a big audience.

We also had our Celebration Assembly yesterday, which was a lovely event recognising the brilliant efforts of Year 8 this term. Awards were given for attendance, Zero Heroes (zero behaviour points) and accelerated reader milestones to name a few. Well done to everyone who was recognised for hard work, we are incredibly proud of you.

A special shoutout to our top 5 achievers: Aaryav, who received the prestigious Platinum Award, followed closely by Jenson, Mariella, Natalia, and Freya, who all achieved Gold.

We'd also like to say a huge thank you to the two bands, *Life Support* and *Radioactive* for their fantastic performances- bringing the energy and rocking the stage!

On Thursday, students with 100% attendance and no lates for the *entire* year so far were rewarded with a well-earned Easter Egg Hunt in the sunshine. This is a huge achievement- well done to everyone who managed it!

Finally, a big well done to all of Year 8 for your hard work and effort this term. We hope you have a restful, fun, and well-deserved break!

## Computer Science

Ms Marchant

---

Last week, a group of Year 10 girls studying Computer Science had the exciting opportunity to visit Body Coach HQ — the home of Joe Wicks' popular fitness app.

Throughout the day, they discovered how a team of 30 professionals work collaboratively to create a product that helps millions of people stay active and healthy. One of the software engineers shared insights into her role and her personal journey into tech, inspiring the students with real-world examples of what a career in software development can look like.

The girls also got hands-on experience setting up a mini film set, just like the one used when Joe records his workout videos. To finish the day, they took part in a design thinking workshop where they brainstormed and developed ideas for their own digital products.

It was a fun and inspiring day that showed how creativity, technology, and teamwork come together in the workplace. Thank you Ms Corrighan for making it happen!

Mr Khan

This week, we had our termly celebration assembly, where we celebrated achievement points, conduct points, attendance, and the exciting tutor competition. A big congratulations to all the students who won an award, and especially to our 46 "Zero Heroes" (students with zero behaviour points this academic year)! A special shout-out to Miss Parr, who dominated the egg and spoon race and took home the biggest egg!

Over the Easter break, we have set another revision challenge—a 30-hour challenge! Students are expected to be in full swing with their revision, as the exams are next month.

I will be sending a letter detailing information about the challenge, the ROA ceremony, and leavers' hoodies. I would appreciate it if you could spend some time reading and responding to the letter, where appropriate. Please get in touch if you have any questions.

WEDNESDAY

THURSDAY

FRIDAY

SATURDAY

SUNDAY

1 Commit to being more active this month, starting today

2 Spend as much time as possible outdoors today

3 Listen to your body and be grateful for what it can do

4 Eat healthy and natural food today and drink lots of water

5 Turn a regular activity into a playful game today

6 Do a body-scan meditation and really notice how your body feels

7 Get natural light early in the day. Dim the lights in the evening

8 Give your body a boost by laughing or making someone laugh

9 Turn your housework or chores into a fun form of exercise

10 Have a day with less screen time and more movement

11 Set yourself an exercise goal or sign up to an activity challenge

12 Move as much as possible, even if you're stuck inside

13 Make sleep a priority and go to bed in good time

14 Relax your body & mind with yoga, tai chi or meditation

15 Get active by singing today (even if you think you can't sing!)

16 Go exploring around your local area and notice new things

17 Be active outside. Plant some seeds and encourage growth

18 Try out a new exercise, activity or dance class

19 Spend less time sitting today. Get up and move more often

20 Focus on 'eating a rainbow' of multi-coloured vegetables today

21 Regularly pause to stretch and breathe during the day

22 Enjoy moving to your favourite music. Really go for it

23 Go out and do an errand for a loved one or neighbour

24 Get active in nature. Feed the birds or go wildlife-spotting

25 Have a 'no screens' night and take time to recharge yourself

26 Take an extra break in your day and walk outside for 15 minutes

27 Find a fun exercise to do while waiting for the kettle to boil

28 Meet a friend outside for a walk and a chat

29 Become an activist for a cause you really believe in

30 Make time to run, swim, dance, cycle or stretch today

## We are going to say it - Spring has Sprung!

We hope you're enjoying the longer, sunnier days and that you're looking forward to the Easter break, spending quality time with loved ones.

April is an exciting month for us, with the London Landmarks Half Marathon just around the corner! Best of luck to our incredible runners—your dedication is inspiring! The race takes place on April 6th, starting at Downing Street, winding through the heart of the city, and finishing near Trafalgar Square. Fingers crossed for perfect running weather! We'll be celebrating their fundraising efforts in our May newsletter, so stay tuned.

If you or someone you support is on an NHS ADHD waiting list, we highly recommend checking out our latest post on the recent NHS Right to Choose changes. You'll find all the details in our [linked](#) news and events section.

Wishing you a wonderful April filled with joy and sunshine!

# What Parents & Carers Need to Know about PHONE SCAMS

In a three-month period during 2021, no fewer than 45 million people in the UK experienced a suspicious attempt at being contacted via their mobile. Phone scams are a common form of cyber-attack where fraudsters engage directly with their intended victim through their smartphone. As our phones carry so many sensitive (and therefore potentially valuable) details about us, it's vital that trusted adults are alert to the tactics that scammers use to get access to user accounts, personal data and private information for financial gain.

## WHAT ARE THE RISKS?

### SMISHING

SMS phishing, or 'smishing' is one of the most common forms of mobile-based cyber-attack. Smishing is when a scammer texts their target, pretending to be a reputable person or organisation. They aim to trick the victim into supplying sensitive data such as bank details and personal information, so that they can then access the target's bank accounts and remove money.

### IMPERSONATION

Fraudsters often impersonate someone else to trick the victim into actually transferring money directly. They might claim, for example, to be a friend or relative using a different number who urgently needs funds. Other common cons include sending fake texts informing the target that they have a package which requires a fee to be delivered, or that they have an unpaid bill to settle.

### NUMBER SPOOFING

Here, the scammer takes impersonation one step further by cloning the phone number of a genuine company. So when the target receives a call or text, their phone recognises the sender's number as legitimately belonging to Amazon, HMRC, the NHS or the DVLA (who have all been impersonated in these cons). This makes the scam far harder to spot and the victim much more inclined to comply.

### FAKE TECH SUPPORT

Attackers contact a target, pretending to work for their employers' IT support team. They then advise them to download some software to fix a 'technical issue' with their device. In reality, however, the software grants the scammers access to the victim's private data and sensitive information. This con is more common on desktop and laptop devices, but is still possible to accomplish on mobiles.

### SIM HIJACKING

SIM hijacking switches control of a phone account from the victim's SIM card to one in the scammers' possession. Criminals use personal details pieced together from social media (birthday, address, pet's name and so on) to pose as you, then instruct your phone network to transfer your number to their SIM - giving them access to all calls and texts meant for you, including one-time login passcodes.

## Advice for Parents & Carers

### DO SOME DIGGING

If you've received a call or text asking for specific information, research the caller's number. There are several websites that allow you to enter a phone number and will then display any relevant information about it - this usually includes feedback and comments from other people, so you can easily see if that particular number has been implicated in potential scams.

### TRY A CALL BLOCKER

If a suspicious call comes through on your mobile, you can manually block the number if you believe it to be dubious or a nuisance caller. Alternatively, you could consider installing a call blocker service on your phone. They automatically stop calls getting through from numbers which have been reported as suspicious, halting potential scammers in their tracks before they can reach you.

### VERIFY THE SOURCE

Never disclose confidential details to an individual or organisation you're unfamiliar with. If the caller claims to represent a company you trust but is still asking for personal information or payment on an outstanding charge, end the conversation. Then find the company's genuine number on a bill or on their website and call them directly to confirm if there really is an issue you need to address.

### BREAK OUT THE TECH

Lots of anti-virus software now also protects mobiles. Some anti-virus apps can detect phishing links in text messages and alert you to the risk. When you're out and about, try not to use public WiFi for sensitive transactions: it's far less secure than your home WiFi network. Instead, you could consider installing a VPN (virtual private network), which encrypts all data travelling to and from your phone.

### REPORT INCIDENTS

If you or a family member does give out confidential information to a caller you aren't sure about, contact the actual company mentioned to check if the call was genuine. If they confirm that the call was not made by their organisation, you should report it as a potential scam via the Action Fraud website and (depending on exactly what information was divulged) consider involving the police.

### BE WARY OF LINKS

If you get a message from an unknown number asking you to click on a link, report it as spam and do not open the link. One recent example 'warned' victims they'd been exposed to the Omicron variant and needed to click a link to buy a special test - only to find they had paid their money to scammers. Links can also install malware onto your device, so always treat them with extreme caution.

# Y7+12 International Festival

On Friday 28 March during PDW, our Year 12 students took on a challenge, forming teams and choosing a country to represent at the International Festival. And wow, did they rise to the occasion! Saying they were enthusiastic would be an understatement, groups were formed, ideas were flying. In fact, we had a record breaking number of sign-ups this year!

Fast forward just 5 days and 90 Year 12 students set up vibrant, interactive stalls for our Year 7 International Festival, and what an incredible event it turned out to be!

With 25 different countries represented, the festival was an explosion of culture, creativity, and fun. Each stall had something unique to offer, from henna art to Xiangqi (Chinese chess), baseball, face painting, and even delicious international food tasting. Our Year 7 students jumped right in, exploring different cultures, trying new foods, and trying the activities.

Personally, I was blown away by Velina Grantcharova's delicious Bulgarian banitza, and even Mr. Clements couldn't resist joining in at the Swedish stall for some face painting fun. Meanwhile, Anesu Chinyerere brought along a fantastic collection of Zimbabwe musical instruments called Hosho and even got Year 7s dancing to a southern Africa song called 'Ndihamba Nawe'.

Our Year 7s also took on a treasure hunt challenge, where they had to uncover nine facts about different countries, plus four bonus questions. A huge **congratulations** to **Rowan C (7A) and Rosa C (7M)**, our lucky winners who each took home an Easter egg. Well done to all Year 7s who took part!

The students raised £250 which will be split between three charities: [EduKid](#), [Kids of Africa](#) and [The Royal Marsden Charity](#).

As always, our Year 12 students have made me feel immensely proud. Their hard work, enthusiasm, and dedication shone through, making this festival an unforgettable experience. What an incredible group of students!

# Parents Evening

Year 12 parents evening will take place on Thursday 24 April 2025 from 4:00-7.00 pm.

For students who take a Social Science subject (Criminology, Sociology and Economics) there will be additional appointments on Wednesday 23 April, as staff cannot see all of the students in one evening. Students and parents will be made aware of which evening their class has been allocated to next week.

The following classes will have parents evening on Wednesday 23 April

Criminology: 12C/Cm1

Sociology: 12A/So1

Economics: 12D/Ec1

You will receive an email when appointment slots are available to book.

# Higher Education Evening

Date: Thursday 8 May

Time: 6.30pm to 7.30pm

Venue: Main School Hall

---

Please note: this evening is aimed at parents - students will be given the information in sixth form.

We will be hosting our Higher Education information evening on the 8 May. During the evening we will guide parents through university applications and how we support the process at Grey Court Sixth Form, including key dates and deadlines. We will have a representative from The University of Winchester who will be talking about the application process from the point of view of university admissions officers. We will be including information on:

- Finding the right university course
- Writing personal statements
- Student finance
- How to search for potential scholarships
- Studying abroad
- Gap years
- University open days

Our [Higher Education Booklet](#) has lots of useful information about applying to university, student finance and how to make the best of student life.

# UCAS and Apprenticeships Fair

The UCAS logo is positioned to the right of the main title. It consists of the letters 'UCAS' in a large, outlined, sans-serif font. The letters are white with a thin purple outline, matching the color of the main title text.

On the 21 March year 12s visited the Apprenticeships Fair at The Emirates Stadium to see what level 4 and degree apprenticeship pathways are available to them as well as visiting stalls hosted by a variety of UK universities. We hope this visit left our year 12 cohort with a better understanding of post-18 options.

On Wednesday 4 June all year 12s will visit the UCAS Discovery Fair at The University of East London. There will be over 100 universities and other providers represented and it will provide a convenient way for year 12s to talk to representatives from a huge range of higher education providers.

# UCAS

## **UCAS What Comes Next?**

Once you have heard from all five courses you applied to you should choose a firm choice and to put in an insurance choice of university. Sounds scary but you have a deadline of 6 June to accept your choices so there is plenty of time for making decisions.

Many students will have received invites to Offer Holder Days. This is the best way of helping students choose the best course and university for them. You should look at not just the university but the city or town where it is located. Consider factors such as whether you like the set up of a campus university or a university spread across a city. Think about where you might live in the second year when you will not be living in university accommodation. You might want to think about whether there will be opportunities for part time work to help supplement your living expenses. Check out transport to and from university - how long will it take you to get there and arrive in time for your 9.00am lecture? How long will it take to get back to your family home and how much will it cost? What social activities does the student union offer?

When you are making your choices you should base your decision for your firm choice of the course you most want to study. When choosing an insurance choice it should be a course with a lower offer (but you are still happy to study). This will mean that if you miss your grades for your firm choice you will still be given a place on your insurance course and won't have to go through the Clearing process in August.

Please see this [UCAS guide](#) to accepting offers.

## **UCAS EXTRA**

Extra has now opened. It allows you to add another course choice if you have received decisions from all five, and weren't accepted, or if you declined the offers you received.

Please come and talk to Ms Moore or Ms McNicol before turning down any offers you have been made and using UCAS Extra. It may be that contacting a university and asking to change your course will be a preferable way of making a change to UCAS Extra.

## Student Finance

Full-time undergraduate 2024 to 2025 applications are now open! It's quick and easy to apply, it should take less than 30 minutes. To make sure you get your funding in place for the start of your course: new students should apply by 31 May 2024. Use this link to start your application [Student Finance England](#). If you have any questions about student finance look at the UCAS pages [Student Finance - Everything you need to know](#).

## EPQ Update

Completed folders should all now be with student supervisors. These need to be printed and tagged together in the order specified on the google classroom. The only element that currently remains electronic is the log book. However, this also needs to be completed for this stage of grading. There are no more formal sessions for this qualification.

## Oxbridge Update

Students who attended last week's meeting in enrichment now have a UCAS questions task to complete via the assignment on google classroom. This will be followed up by one to one meetings with our external Oxbridge advisor after Easter. The schedule will be shared in the classroom. This week, students had the opportunity to meet representatives from Cambridge university and hear directly about the application process and ask questions in relation to their chosen subject pathway. A number of students will be invited to participate in an oracy event to prepare them for an interview. This will take place on the 30 April. Letters will be sent home to parents and carers prior to Easter.

# Y12 Work Experience + Careers Bulletin

A major focus this half term has been for year 12 students to arrange their summer work experience or university summer school for 30-4 July 2025.

Well done to all the students who managed to get their work experience on the Unifrog placements tool by the deadline of Thursday 28th March. There are some fantastic placements so we should have a great week in July.

The rest of the students should be using the Easter holidays to secure a placement and after half term any student with no placement will be using enrichment with Miss Corrighan to find a placement. For this to be completed - it has to be on the Unifrog Placements tool, this is how we record and safeguard students on their placements. This will confirm with the employer the placement. See this step by step guide of how to add on your placement: [How to record your work experience placement on Unifrog](#)

# CHAMPS

Grey Court's U14 girls were outstanding on Friday 28 March clinching the National State Hockey Championship title with a 1-0 victory in the final. Livvy C with a powerful hit to the bottom corner in the last seconds.

The U14 boys were also very impressive, finishing as runners-up after a hard-fought final. This was another superb day for Grey Court Sport. Congratulations to both teams on their success.

### KINGSTON HEAD 2024 (vesper as cox!!)

The first race I wanted to tell you about was Kingston Head, it was my first (and my squad's first) race of the season so it must've been around November 2024. We did really well in this one, considering it was my first with the club that I row with now. Kingston Head is 5.2k and we raced in the j14 coxed quad category, coming 1st at 20:28 minutes, beating 2nd place by 1:48 mins - if we were allowed to race in different categories, we would've come 1st in j15 (yr10) and 2nd in j16 (yr11). We also overtook 6 boats ahead of us (screenshot below).

Boat	Time	Position
(4)	20:24.07 (4)	+C

## **TEDDINGTON HEAD 2024** (vesper rowed in this one!!)

Our next race was a week after that - Teddington Head (5.2k) - which we didn't do well in. Our coach put us in the j15 race to give our other j14 boat a chance so it was already stronger competition. Unfortunately, we came 2nd at 22:31 as we had an untrained cox trying to steer us in a race which ended up in multiple crashes and having to come to a dead stop in the race twice. Although it wasn't the best race, I think it helped me and my squad to learn to continue racing under pressure for the future.

## **JIRR TRIALS 2025**

Even though I didn't take part in this race, or Vesper (we were on the ski trip) I still think it's great to mention as we won and I will be rowing with the crew going to JIRR (Junior Interregional Rowing Regatta). The crew won by a tight 10 seconds - which was very surprising as we had a B boat rower subbing in for me and we weren't sure if she would do well.

## **KINGSTON HEAD 2025**

This race is one of my favourites because the weather was horrible - the water was choppy and would shake the boat around, it was cold, very wet and splashy from the river acting funky and the wind was unexpectedly harsh - but we did so well! We came 1st at 20:34 which was very annoying as our real time was 20:24, but the marshals claim we went through the wrong side of the bridge (a few of the parents have video proof of us going through the right ones). 2nd place was behind us by 3 minutes and our time was faster than 5/8 of the j14boys' octos!!! But I am still quite sad that Vesper didn't get into the boat for this race - same with the Nationals.

## **OARSPORT NATIONAL JUNIOR SCULLING HEAD 2025**

I had this race yesterday!! This one was quite different from the usual. It was held at Eton Dorney clubhouse lake - where they hold the Olympics!!! The race was a 3.8k, 1.9k up the lake, a quick spin (you would try to make it as slow as possible for a longer break as the time to turn isn't counted) and another 1.9k down. It was probably the most rewarding but painful race I've done. We placed 1st in Nationals against 49 other WJ14 4x+ (yr9 coxed quads) crews, ahead from 2nd by 40 seconds with our average (they rank the boats on the average speed of both lengths of the lake) of 7 minutes and 25 seconds. We took 7:31 for the first 1900, and 7:19 for the second 1900 - 14:50 for 3.8k. If we had raced against other boats we would've come 2nd in j15 by 9 seconds and would've beaten all of the j14 octos. I was so worried that we weren't as fast as we thought compared to other crew our age, but the pre-race anxiety was worth it!!

## **JIRR 2025**

This race hasn't happened yet because it normally takes place in mid-summer when the conditions are the best. I just wanted to mention it as we got through the trials and will be racing for London against more crews from all over GB!

**Monday 31 March:** U15 girls had a fantastic victory today vs Oaks Park High in their Surrey Cup semi final.

This past weekend **Sophia Trybuszewski** took part in the third phase of the recruitment programme in Sheffield - Ponds Forge Athletic centre.

At this stage there were only 70 candidates who progressed from the second stage.

Congratulations, Sophia

# Bailey Graham Achievements

**Tuesday 1 April:** congratulations to Bailey who won the U15 Table Tennis National Cadet League

**Monday 31 March:** a week on from the U18s playing [@RPNS7s](#) the boys were outstanding, beating Gordon's and Bancroft's to set up the final group game against Haileybury with the winner progressing. We lost out 17-12 and nearly won it in the last minute. Fine margins but very proud of their efforts!

**Monday 31 March:** the U12 rugby sevens squad won 4 out of 6 matches this afternoon and played some excellent attacking rugby in the sunshine. Thanks to [@RutlishSport](#) for hosting a brilliant tournament!

# Mai Lannutt Player of the Month

**Mai Lannutt** is our **Girls Player of the Month** for her outstanding results at the English Gymnastics 2025 Men and Women's Artistic Championship. Mai was crowned the England Aspire Champion after competing on a variety of apparatus. Mai is an outstanding gymnast and continues to impress us with her ongoing achievements. Please see below the break down of results:

- 1st all-round
- 1st vault
- 1st bars
- 2nd beam
- 2nd floor

We look forward to seeing how Mai gets on throughout the rest of the season.

Great job, Mai!

Throughout March, **Thea Nordal** has proven herself extremely well, particularly in her contributions to Gymnastics and the Gym and Dance Show.

In December for the National Finals, the U13 Mixed Team came seventh in the country and Thea was integral to the success on the day.

More recently, as part of the same team, Thea competed in the Trio Routine. They did extremely well, holding their difficult balances and executing tumblers well. Thea approaches all of her routines with a calm precision that is to be admired and she certainly has tremendous talent on the floor.

Thea's next venture will be in the Gym and Dance show, in the Elite routines

Congratulations Thea!

# Thea Nordal of the Month

# U16 & U13 Gymnastics

Our U16 and U13 Mixed Gymnastics teams competed at the Milano National Finals at the beginning of March. Both teams qualified for the finals in December and have been working hard at training to prepare themselves for the tough competition.

Our U16 team (Sam, Julia, Olivia & Diana) performed in the morning on the floor and vault. Sam scored a fantastic 14.9/16 on his vault. The team did amazingly on the day, despite some injury setbacks throughout the year. The team placed 3rd for London in the Regional Combined Mixed Teams with Alleyns School.

Our U13 team (Uzay, Olivia, Zuva & Thea) performed in the afternoon on the floor and vault. All students scored over 14/16 on their vaults, a fantastic achievement! Olivia, Uzay and Thea performed in the trio and Zuva added a fantastic individual floor routine to the day. For most of this team, it was their first National competition. Miss Parr was very impressed with this team and their calm approach to a new competition. The team placed 7th in the country. We look forward to seeing how they get on next year!

# Joshua Gilbert Player of the Month

It has been a superb month for Joshua. He is developing as a rugby player, he is an extremely powerful runner with ball in hand. His speed and power make him a handful to defend against and this proved the case at the Rosslyn Park National 7s comp where he scored 10 tries.

Joshua is also an excellent athlete and won 2 gold medals and 2 silver medals at the Middlesex Indoor Championships on Sunday 16th march at Lee Valley. His gold medals were in the shot (11m 74cm) and high jump (1m 50cm) with his two silver medals in the 60m (7.52 seconds) and 60m hurdles (9.69 seconds).

Joshua is looking forward to the summer where he will be a key member of the Grey Court athletics team and will also be looking to win the Middlesex combined events.

Well done, Joshua

**Sebastien Garnham** has had an incredible month, showcasing his talent, determination, and all-round commitment to sport. In the pool, Seb made waves by breaking his swimming club's 1500m record with an outstanding time of 18:44.66. On top of that, he also achieved personal bests in both the 400m freestyle and the 400m individual medley, proving just how hard he's been working in training.

Away from the pool, Seb has become an integral part of the U12 rugby team, showing great teamwork, resilience, and a fantastic attitude on the pitch.

Alongside his sporting achievements, Seb's work and effort in class have also been noticed. He consistently approaches his lessons with focus and a positive attitude, making strong contributions and setting a great example for others.

Well done, Seb, on being named Scholar of the Month! Your achievements and attitude make you a brilliant role model, keep it up!

# Scholar of the Month Sebastien Garnham

# Year 9 Rugby 7s Team

The year 9 rugby 7s team have been selected as our team of the month for March. They have been training twice a week since December to prepare for the Rosslyn Park National 7s Competition which was held this week. The boys' dedication and hunger has been superb and they made history for Grey Court by becoming the 1st team to qualify for day 2. In their group on Tuesday, they beat Woodhouse Grove 33-26, British School Al Khubairat 38-10 and then St Edward's School 49-0.

Day 2 saw the team lose 20-19 to Bryanston School before beating Ratcliffe College 33-19 and then Wellington College 38-7. We finished 2nd in the group with a points difference of +45. We narrowly missed out on the final qualification place for the Quarter Finals by scoring just 2 points less than Clifton College. They also had a points difference of +45 but scored 92 to our 90 in the 3 games.

This group has been a pleasure to coach and just shows what you can achieve with hard work, drive and dedication.

Well done, boys!
