**Year 10  
Curriculum Booklet  
2025-2026**

Dear Parents/Carers,

### **Year 10: An Important Year**

Following on from this year group's success at Key Stage 3, I am delighted to welcome you to the beginning of your child's Key Stage 4 journey! This marks the "beginning of the end," as most subjects will cover over 50% of their course content during Year 10, with some subjects covering close to 100%.

During this year, I want students to build on the outstanding foundations they have already laid—particularly in maturity, resilience, and grit. Year 10 will be a challenging year where your child will need to develop strong independent study skills and begin to understand the importance of self-motivation. We will work together to ensure they are in the best possible position as they move into Year 11, making the final stage of their secondary education more manageable.

To support this, it is essential that students maintain high standards in both attendance and behaviour. As a year team, we will be monitoring these areas closely throughout the year. Efficient organisation of work and time will also be crucial to ensure homework and coursework deadlines are met. Alongside students' planners, teachers will be using Google Classroom frequently, where many resources and assignments will be available.

We are also pleased to be relaunching the Grey Court Student Leadership Programme this September, along with our 'Be Great' programme, which provides students with opportunities to develop a wide range of valuable life skills.

In the summer term, internal Year 10 examinations will take place across all subjects. These will provide valuable experience of formal exam conditions and play a key role in informing the predicted grades that will be used for sixth form and college applications.

At Grey Court, we are committed to providing an informative, challenging, and supportive environment where parents are actively involved in their child's learning journey.

I look forward to a positive and successful year ahead for all our Year 10 students.

Yours faithfully

Mr J Khan

**Head of Year 10**

# Organisation of Teaching Groups

## Definitions

**Bands** - the whole year group is split into two equal groups for timetabling purposes.

**Mixed Attainment** - students from the full ability range are taught within one class.

**Setting** - students are placed into class sets based on attainment. A student might be in a Set 2 for one subject and a Set 4 for another.

- **Mathematics**

Mathematics is taught in bands. Students are placed into classes set by attainment.

There are 5 mathematics sets in each band. Setting is reviewed regularly by the Head of Faculty and students will be moved sets if appropriate.

- **English**

English is taught in bands. Students are placed into classes set by attainment. There are 5 English sets in each band. Setting is reviewed regularly by the Head of Faculty and students will be moved sets if appropriate. All students study GCSE English language and GCSE English literature.

- **Science**

Students placed into either a separate or combined science class. There are 5 sets in each band. The decision on which class a student is placed in is made by the science faculty, based on attainment and performance in KS3. The placement of students is reviewed after formal exams normally sat in January and in the summer.

The science faculty will allocate students to the appropriate science course i.e. the separate science award or the combined science award.

- **Core Physical Education**

Students are taught in bands. The groups may change depending on the module being covered.

- **Options Subjects**

Students are taught in mixed attainment option groups, although where there is more than one class of a subject in the option block, students might be set according to attainment, as decided by the Head of Faculty.

# GCSE Grading

All GCSE subjects use the 9 - 1 grading system.

Examinations will be graded from 9 - 1

Under this system, a 'good pass' – which used to be a C grade - is now a grade 5.

A 'pass' is a grade 4, which is comparable to an old low grade C.

The highest grades you can achieve are 9, 8 and 7 with a 7 being comparable to an A grade.

New grading structure	Current grading structure
9	
8	A*
7	A
6	B
5	
4	C
3	D
2	E
1	F
	G
U	U

**GOOD PASS (DfE)**  
5 and above = top of C and above

**AWARDING**  
4 and above = bottom of C and above

# Homework

All students receive a personalised homework timetable at the start of the new school year which should be stuck into their planners. A copy of the school homework timetable can be found in this booklet and on the website. Details of homework tasks set will be posted by teachers onto Google Classroom as an Assignment. Students are not required to write down every homework piece in their planner, but there are 'notes pages' and 'key dates pages' for students to note significant deadlines down. Students should review their 'To Do List' on Google Classroom on a daily basis to monitor homework and to meet deadlines. Parents are able to view homework set via Edulink.

## Definition

Homework refers to tasks that are required to be completed outside the timetabled curriculum but not necessarily at home. It contains an element of independent study in that it is not usually supervised directly or controlled by a teacher, and represents an extension of the learning activities provided. Such tasks include: investigations, research, reading, drawing, interviews, designing, learning facts/formulae/vocabulary, word processing, simple experiments, drafting, revision, desk top publishing, essay writing, report writing, making a model and projects.

## Why set homework?

The aims of homework tasks are to:

- encourage independent study and develop perseverance and self-discipline
- embed learning that has taken place in class and skills that will form the basis for lifetime education
- encourage students to work at their own pace and in a manner appropriate to their aptitudes
- enable classwork to concentrate on those activities for which a teacher is required
- allow access to materials outside the classroom
- reflect the needs of the National Curriculum and the demands of examination courses.

## Role of parents/carers

- provide encouragement and interest by checking, listening and testing
- offer a suitable environment where their child can work
- ensure the task is completed to the best of their child's ability
- monitor the homework set and sign the planner every week
- raise any subject-specific concerns regarding homework with the subject teacher and general concerns with the form tutor

## Marking homework

Homework is graded on a four point scale – Very Good (VG), Good (G), Fair (F) or Inadequate (I)

VG Very Good - Homework deadlines are always met. Very good effort put into work

G Good - Homework regularly completed, good effort put into work

F Fair - Occasionally missing homework, basic effort put into work

I Inadequate - Homework rarely attempted or poorly done, lack of care

## Homework Timetable: Year 10 2025-2026

Students in year 10 should be spending, on average, 1.5 hrs to 2.5 hrs per day on homework - this includes work set by teachers and independent revision, research, reading and coursework/controlled assessment preparation. Students should try as far as possible to complete homework on the day it has been set.

# Personal Development & Wellbeing

## A Statement of Policy

Personal Development and Wellbeing is an important part of every student's curriculum. Indeed, we currently not only meet but exceed all statutory requirements, including recommendations from leading groups such as the PSHE Association and Citizenship Foundation.

Our curriculum has been updated to account for the 2019 Sex and Relationships guidance, and all further updates from the Department for Education. Whilst we feel that Sex and Relationships education is vital for all students to access, we accept that, under the new guidance, parents can withdraw their children from Sex and Relationships education in PDW if they wish. Please note that this does not apply to other aspects of Sex and Relationships, taught in subjects like Biology or Sociology. If you wish to consider this withdrawal, please e-mail Miss H James (Assistant Head - Head of PDW) at [hjames@greycourt.org.uk](mailto:hjames@greycourt.org.uk) and Ms V Price (Associate Head) [vprice@greycourt.org.uk](mailto:vprice@greycourt.org.uk)

Our wider PDW curriculum aims to encourage our students to think carefully about all choices they make in life, which contribute to their overall development and the development of others within our inclusive community. We want all of our students to develop a positive self-image and a sense of personal worth and of a healthy physical, emotional and spiritual well-being. A termly outline of the topics covered for that term will be included in the e-bulletin.

Grey Court School prides itself on good working relationships between staff, parents and students and it is in this atmosphere of trust that development and wellbeing topics are covered. A variety of teaching methods are used to deliver PDW - these include group work, discussion, individual research and problem solving. We accept that there are differences and diversities of opinions which students may hold and within the framework of the school's expectations these differences are respected. The use of outside speakers and professionals has formed a positive supportive base for the staff and the students.

The Grey Court personal development and well-being curriculum is a responsive and fluid one, which actively listens to student and staff voices.

PDW is often brought into topics across many subjects within the planned curriculum, notably Science, Technology and Physical Education, with issues addressed in English and Humanities. PDW lessons are mainly taught by form tutors, with lessons taking place on a rolling timetable once a week throughout the year.

## The Curriculum

At Grey Court School we aim to match the curriculum to each student's age, developmental stage and particular social pressures they are likely to encounter, interests and needs. We offer a co-ordinated programme in the following components: substance misuse, sex and relationship education (SRE), safety, health-related exercise, nutrition, personal hygiene, environmental aspects of health education, psychological aspects of health education, the individual as a citizen, extremist views, online media and free press, politics, friendships, civil rights, globalisation and skills based learning.

Progression in learning is ensured through the development and expansion of these topics at regular intervals throughout the Key Stages. At each Key Stage, students are offered experiences which allow them to develop the understanding and skills to help themselves and others. We also invite specialists such as community health workers, to help deliver some sessions. Additional support is given through the school's inclusion policy to those students who need it and students may access

counselling through their student support officers or phase leaders.

### **Year 10 Curriculum**

The PDW curriculum at Grey Court is incredibly fluid, and will remain flexible throughout the year. This is to ensure that we constantly meet the ever changing needs of the students in our care. Weekly topic updates will be communicated through the e-bulletin.

However, the draft curriculum for the Autumn Half Term 1 is below:  
What do coercive, abusive and controlling relationships look like?  
Where is the line between flirting and harassment?

Throughout this year, Year 10 will also study:  
Radicalisation and Extremism  
Healthy sexual relationships  
Use of language (including Banter)  
Staying safe over the Summer

### Coursework deadlines and assessments dates

In the summer of year 10 there are 3 internal exams (bio, chem, phy). There will also be in-class assessments at the end of January/beginning of February to assess progress and students suitability to the course they've been put on

There is no coursework for any of the GCSE science courses, we run internal assessments throughout the two years The six external exams will take place in May and June of year 11.

## Equipment Needed

Pen, pencil, ruler, green pen, highlighter, scientific calculator, revision guides.

## Main Texts / Reading List

The students have access to the textbook through ActiveLearn online. It is highly recommended that students purchase a revision guide AND workbook. There are various companies that publish these, CGP and Edexcel are the most popular.

## PE (Core)

### Setting Policy

Mixed ability groups.

### Topics Studied

Pupils receive 4/5 options each half term to choose what they would like to participate in. Some options, such as: spinning, yoga, judo or Wimbledon Caddi Club may be chargeable. Any chargeable activities should be paid for in advance and in full for the duration of the half term.

Full Grey Court PE Kit: blue round-neck t shirt, shorts, GC track pants and GC track top. Blue Grey Court socks or white sport or trainer socks. Rugby top for those taking rugby. Baselayer when extremely cold (blue or white preferably).

Football boots, sports trainers (no plimsoles, skate shoes or high top trainers). Shin pads, gum shield and hairbands (if hair is longer than shoulder length). If ill or injured, students must still wear their PE kit (if a practical lesson) as they can undertake another role in the class (eg coach or referee). Failure to do this will lead to a PE detention. Students must remember asthma pumps, epipens and any other medication for every lesson.

## Religious Studies (Core)

### Teacher in Charge

Mr R Hurley

### Topics Studied

Statutory Religious Studies (i.e. non-GCSE) at Key Stage 4 is delivered through regularly scheduled PDW sessions. As indicated by the term 'statutory', the government requires all schools to embed a form of religious education throughout all years and Key Stages. The sessions are designed to be stimulating, active and challenging and will meet the requirements recommended by Richmond Borough's standing advisory council on religious education (SACRE). SACRE stipulates that 'teaching must acknowledge the importance of Christianity as well as incorporating other world religions and life stances.' The programme will attempt to incorporate these elements. Sessions will take various forms including: a range of classroom activities, and different elements of philosophy and ethical studies.

The following key concepts will be covered:

1. Beliefs, teachings and sources
2. Practices and ways of life
3. Expressing meaning
4. Identity, diversity and belonging
5. Meaning, purpose and truth
6. Values and commitments

## Computing (Core)

Teacher in Charge

Mr Clements

Topics Studied

Students will use their allocated time to work towards their iDEA (inspiring digital enterprise award) Bronze Award. iDEA badges have been mapped against several inputs including National Curricula and the Skills Builder Framework. This helps support life, employability and soft skills, as well as a range of specialist subjects such as enterprise and formal computing (digital literacy, computer science and IT). These sessions have been planned in conjunction with taught elements of both computing and RS to ensure our students are upskilled for their future no matter their path. We have mapped badges against pastoral themes and to tie in with PDW across the key stage.

Through these activities all pupils will have the opportunity to study aspects of information technology and computer science and be taught to:

- develop their capability, creativity and knowledge in computer science, digital media and information technology
- develop and apply their analytic, problem-solving, design, and computational thinking skills
- understand how changes in technology affect safety, including new ways to protect their online privacy and identity, and how to report a range of concerns.

## Option Subjects

### Art & Design

<b>Teacher in Charge</b>	Ms Razvand-Atwi
<b>Syllabus board and code</b>	AQA GCSE Art & Design – AQA GCSE 8201
<b>Setting Policy</b>	GCSE Art students are taught in mixed attainment groups.
<b>Topics Studied</b>	
<b>Autumn</b>	Japan Mixed Media
<b>Spring</b>	Japan / Portraiture
<b>Summer</b>	Portraiture
<b>Examination Breakdown</b>	

<i>Title</i>	<i>Details</i>	<i>%</i>
Coursework	Students' work is assessed throughout the course. They are expected to complete an interesting, creative and varied portfolio of coursework, which includes a sketchbook and final piece for each of the three projects studied.	60%
Exam or Externally Set Assignment	Includes preparation time of up to 13 weeks before a 10 hour practical assessment which takes place in the first half of the summer term in year 11. Though this time frame can seem intimidating, most students enjoy this concentrated time period for focus solely on art. All students will be prepared for this assessment through mock assessments so the process will be familiar by the course end.	40%

#### Coursework deadlines and assessments dates

Coursework details:

A selection of further work resulting from activities such as trials and experiments; skills-based workshops; mini and/or foundation projects; responses to gallery, museum or site visits; work placements; independent study and evidence of the student's specific role in any group work undertaken. Students must identify and acknowledge sources which are not their own and provide evidence of drawing activity and written annotation. The work submitted for this component will be marked as a whole. Students should carefully select, organise and present their portfolio and must ensure that it provides evidence of meeting all four assessment objectives.

Students will be expected to compile a presentation portfolio of their best work produced across the four assessment objectives. This takes the form of A3 size sketchbooks (or A4 when appropriate) and additional preparation work with final responses to the themed projects; either in 2D or 3D. Some sketchbook work may be mounted for the final presentation.

This will be completed through Year 10 with a deadline of January in Year 11.

## Equipment Needed

GCSE Art students should have a range of art materials or purchase the GCSE Grey Court art pack. This will help them develop and complete work in sketchbooks at home using different media; paints, oil pastels, felt-tip pens, chalk pastels, drawing pencils, glue, scissors etc.

We also strongly recommend that art students purchase an A3 portfolio for protecting and carrying A3 sketchbooks to and from school.

## Main Texts / Reading List

Where possible, we recommend art students see live art or at least virtually visit galleries. The British Museum and V&A Gallery both have excellent Japan collections which are very useful for our first project theme:

## Spring

Directed Project (up to 14 weeks)

**1st half term** : Teacher set: A Brief for students to respond to and produce material for their chosen area/s from the list above.

Students consider the intended audience & the ways in which Graphics are used to communicate ideas, information and capture the mood of a place of interest. (AO1 to AO4)

**2nd half term:** Students investigate & respond to the work of designers through written analysis and visual interpretation using a variety of materials. Understand the work of recognised Designers and Photographers: Charlie Smith, Pentagram, Linda Schneider, Dan Rob, Larisa Niedle & Alicja Sieronski.

Should use more than one source to gather information.

Produce a graphic design inspired by the work of a chosen graphic designer. Internal assessment of work. (All assessment Objectives)

## Summer

**1st half term:**

**Project Illustration, advertising and magazine design.**

Students investigate & respond to a brief for advertising & Illustration in a magazine in an appropriate way. (AO1 to AO4).

Review of their graphic designs (AO3)

Evaluation of designs: How their design reflects the inspiration taken from the work of other designers. Their technical skills. Their use of graphics components and terminology. Ways of improving their designs.

**Final internal assessment** ( 10 Hour Practical exam)

**Students respond to 1 of seven given briefs.**

Students analyse sources visually & through written annotations. They experiment with materials, techniques & processes in digital and or non-digital forms. ### Examination Breakdown

<i>Title</i>	<i>Details</i>	<i>%</i>
Non-exam assessment (NEA)	Externally-set, internally marked and externally moderated synoptic project (17 hours)	60%
Examined assessment	Externally-set and externally marked written exam (1.5 hours)	40%

### Coursework deadlines and assessments dates

Students will complete pieces of work to embed and support the knowledge learnt in each content area throughout year 10 and the start of year 11. Assignment deadlines for formative assessments, tests and projects will vary throughout the year.

The exam board set an assessment brief for the synoptic project (NEA) at the start of year 11, which will assess students' knowledge and practical application of the 5 content areas, with students completing this in the Spring of year 11.

The exam will take place in the Summer of Year 11 and will also assess students' knowledge of the 5 content areas.

### Equipment Needed

- Folder for handouts
- Bound notebooks for each content area
- USB storage devices to backup practical work (ideally at least 64GB)
- Headphones with a regular mini jack connector - bluetooth and phone connectors are incompatible. Headphones can be provided but some students may wish to use their own.

### Main Texts / Reading List

- Music: The Business – Ann Harrison
- The Dance Music Manual – Rick Snoman
- Music Theory for Computer Musicians – Michael Hewitt
- Creative Recording 1 and 2 – Paul White
- Magazines such as Sound on Sound, Future Music and Music Week

## Textiles Design

<b>Teacher in Charge</b>	Ms Casey
<b>Syllabus board and code</b>	AQA GCSE Art & Design- Textile design (8204)
<b>Setting Policy</b>	Option taught in mixed attainment groups.
<b>Topics Studied</b>	
<b>Autumn</b>	Mixed Media/Surface qualities and textural effects
<b>Spring</b>	Cultural textiles / Museum visit and exploring theme "Pattern and Decoration"
<b>Summer</b>	Making artefact inspired by museum and cultural studies
<b>Examination Breakdown</b>	

<i>Title</i>	<i>Details</i>	<i>Time</i>	<i>%</i>
Component 1: Portfolio	Students' work is assessed throughout the course. They are expected to complete an interesting, creative and varied portfolio of coursework, which includes a sketchbook and final piece for each of the three projects studied.	Selection of work completed in year 10 & 11	60%
Component 2: External Set	Includes preparation time of up to 13 weeks before a 10 hour practical assessment which takes place in the first half of the summer term in Year 11. Though this time frame can seem intimidating, most students enjoy this concentrated time period for focus solely on Art. All students will be prepared for this assessment through mock assessments so the process will be familiar by the course end.	Culminates in a 10hr Exam	40%

### Coursework deadlines and assessments dates

A selection of further work resulting from activities such as trials and experiments; skills-based workshops; mini and/or foundation projects; responses to gallery, museum or site visits; work placements; independent study and evidence of the student's specific role in any group work undertaken. Students must identify and acknowledge sources which are not their own and provide evidence of drawing activity and written annotation. The work submitted for this component will be marked as a whole. Students should carefully select, organise and present their portfolio and must ensure that it provides evidence of meeting all four Assessment Objectives.

Students will be expected to compile a presentation portfolio of their best work produced across the four Assessment Objectives. This takes the form of A3 size sketchbooks (or A4 when appropriate) and additional preparation work with final responses to the themed projects; either in 2D or 3D. Some sketchbook work may be mounted for the final presentation.

This will be completed through year 10 with a deadline of January in year 11.

Externally Set Assignment details:

In year 11 (January) students start the externally set assignment which is 40% of final marks awarded.

Students respond to one starting point/question (in the same way as their coursework projects) chosen from Exam paper set by AQA and given out by teacher in late January. Supporting materials will be created by the Department and provided throughout the preparation period.

The preparatory period will last approximately 13 weeks and will be used to research, investigate, and develop ideas. It will conclude with a final 10 hour exam.

Assessment & moderation subject to timetable:

All coursework and final exam assessment marks are marked internally and then sent to AQA by 31st May 2026 for moderation by the examining body.

### Equipment Needed

GCSE Textiles students should have a variety of Art materials and Textiles equipment and purchase the Grey Court GCSE Textiles pack. This will help them further develop and complete work at home using different media such as paints, oil/chalk pastels, drawing pencils, felt tip pens/fineliners, scissors, glue etc A good sewing kit including shears.

An A3 plastic wallet folder to present work and an A3 handled folder to carry practical work and fabrics.

### Main Texts / Reading List

Where possible, we recommend Textiles students see live Textiles/Textiles Art through galleries, exhibitions, fashion shows and high street/designer fashion and homeware stores. There are many free exhibitions in London which can be hugely inspiring to designers/artists. These can be found in specific museums/galleries (such as the Design museum and the Textiles museum) but also within museum collections (such as the Victoria & Albert Museum). Even visiting specific parts of the city, buildings or places of interest outside London are often of great interest and inspiration to GCSE Textiles students. Please check booking requirements, age-appropriate content and be aware of any safety measures in place prior to visiting.

# Rewarding our Students

## The House System at Grey Court

The house system aims to enhance student achievement and motivation through promoting inter-house competition. In 2024-2025, we had House competitions across 12 subject areas. The four houses are Aztec, Roman, Spartan and Trojan.

### Allocating a House

In order to promote a strong tutor group ethos, whole tutor groups are allocated to the same house. Each house consists of two tutor groups from each year, one from A band and one from B band.

### House Points

House points are an important part of motivating students in their day to day lessons. Staff allocate house points to reward student achievement such as: sustained effort, exemplary work, high attainment or excellent class participation. Points are also awarded for representing the school at extra-curricular activities and showing respect and courtesy. A high number of points results in the award of a certificate at end of term celebration assemblies.

### House Competitions

Each year we hold a number of inter-house sporting and faculty competitions. Each of these contributes towards the final totals which decide the overall winning house. All members of that house are awarded a fun afternoon out during the following academic year. The more people you have involved in House competitions, the more points you will collect as a House! The House competition culminates with the much anticipated Grey Court Sports Day, with final results announced on the last day of term.

# Safeguarding

Grey Court School recognises that all adults in our school have a full and active part to play in protecting our students from harm. The Designated Safeguarding Lead is Ms V Price (vprice@greycourt.org.uk) and the Deputy Designated Safeguarding Lead is Mrs S Mercer (smerc@greycourt.org.uk) The nominated governors (safeguarding) are Julian Knott. and Elizabeth Rowley. If you have a safeguarding concern about a child please contact Ms Price or Mrs Mercer, or if you prefer to remain anonymous, contact Achieving for Children SPA (Single Point of Access) Call 020 8547 5008 from 8am to 6pm, Monday to Friday, or 020 8770 5000 out of hours. If a child is in crisis, please call the crisis line 0800 0288000 or if you think a child is in immediate danger please take them to A&E or call 999

For further information, please see the Safeguarding section on the Grey Court School Website <https://www.greycourt.richmond.sch.uk/page/?title=Safeguarding&pid=61>

## Conditions of Use of Photographs of Students

Throughout the school's academic year and your child's school life, photographs may be taken of your son/daughter. These photographs may be used in a range of contexts:

School publications, for example the prospectus

School noticeboard displays

Local newspapers as part of the media coverage of a school event

School website

Grey Court facebook and twitter pages, Grey Court Youtube channel.

Internal teacher training materials and or conferences

Local education authority publications and website.

If you do not want your son or daughter to appear in any photographs, please contact Ms V Price as soon as possible.

## Acceptable Use of IT

Grey Court School expects all students to be safe and responsible when using any of the IT resources. This includes the use of the internet, e-mail and social networking sites. In particular, students must ensure that all IT communication is respectful and sensible. Any online activity, in and outside school, must not cause distress to others, nor bring the reputation of the school into disrepute. If students come across offensive or illegal material online or within the school's systems, they should report this immediately to a member of staff.

Students must understand that there are consequences to inappropriate or unacceptable use of IT, which could result in parents or the police being informed and/or suspension of access to their school IT account. This is especially true of any forms of abuse like cyber bullying.

### Use of AI and Plagiarism

Artificial Intelligence (AI) tools can be useful for learning, but using them to complete your work dishonestly is strictly prohibited. Any work submitted must be your own. Copying or using AI generated content and passing it off as your own is considered plagiarism. AI tools must not be used to complete homework, write essays, or produce any work that you then try to pass off as your own. This includes copying or editing AI generated content and submitting it as if you wrote it. All work you submit must be your own original effort. Any misuse of AI in this way will lead to sanctions. If you use AI, it must be done responsibly to support your learning, not to do the work for you.

# School Network/Internet Acceptable Use Policy

**1. School network:** The school network provides filtered access to the internet to support student learning. Student use of the IT services is monitored by the school. We use filtering software in an attempt to ensure that all inappropriate websites are blocked.

Each student is provided with a secure area on our network in which to store work. Periodic random checks will be made as to the content of these files. Students found storing inappropriate material on our network may have the facility withdrawn and action taken.

Users will not attempt to gain unauthorised access to the Grey Court School network or go beyond their authorised access. This includes attempting to log-on through another student or staff account or try to access another user's files. These actions are deemed illegal under the computer misuse act - even if only for the purposes of "browsing" or "exploring".

An individual search will be conducted if there is reasonable suspicion that users have violated this policy. The investigation will be reasonable and related to the suspected violation.

Users will not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses or by any other means. These actions are illegal.

Storage of non-school data and applications is prohibited.

Any attempt to install unauthorised software, apps or games is strictly prohibited.

**2. Email and Internet:** The school will issue every student with an email address which they can use both in school and at home. This is a filtered service and is programmed to automatically intercept the use of profanity, suspicious words and other abuse or inappropriate attachments. The school will be notified if any student abuses the email system. Random checks of email accounts will be made as part of our monitoring procedures and students found to be using the system inappropriately will have their accounts closed and action will be taken. Students who repeatedly try to access non educational or unapproved websites like gaming sites, inappropriate video websites, music streaming, social networking and any other sites deemed to be inappropriate by the school may have their access to the internet withdrawn and action taken. Any student viewing adult material will automatically have their network access withdrawn and the student's parents/carers will be notified, and action will be taken. Users will not attempt to bypass the ISP filtering system. Such attempts will result in a permanent ban of Internet access and further action may be taken.

**3. System Security:** Users are responsible for their individual user area and should take all reasonable precautions to prevent others from being able to use it. Under no circumstances should users let any other student know their password. Users will immediately notify a teacher or a member of IT staff if they have identified a possible security problem. Users MUST NOT go looking for security problems because this will be construed as an illegal attempt to gain access. Users should take every precaution to avoid the inadvertent spread of computer viruses. Unchecked USB flash/pen drives must not be used and email attachments that are suspect or from unknown sources should not be opened. Users will not download computer programs or files from the Internet without permission from a member of staff. Users will not try to load computer programs onto the Grey Court School Network or attempt to run programs that are not accessed through the Start Menu or Desktop screen. Monitoring software alerts the school to inappropriate web searches by individuals. These alerts are followed up and appropriate action is taken by the school.

**4. Misuse of resources:** Any student found to be tampering, damaging or otherwise abusing the school's IT facilities will be dealt with in the strongest possible manner.

Users will avoid unnecessary printing. A record of all printing is logged automatically by the printing accounting software. Any student found to be abusing their printing quota will have their ability to print withdrawn and will be invoiced for the excessive paper and toner used.

Accessing and playing games via the Internet is not allowed. A limited number of games do have some significant educational value and these listed 'games' are the only ones users are permitted to access.

For copyright reasons, users must not download or store commercial music or video files anywhere on the school network, at any time.

Shared areas on the school network are for sharing and transferring school files; users are responsible for their removal when they are no longer needed. If users place inappropriate files in a shared area then their network access is liable to be suspended.

Listening to online radio broadcasts or watching website video clips online slows the whole network. Unless this is for educational reasons and permission has been given by a member of staff, this is not allowed.

Users of iPads must not tamper with the settings or any application that has not been instructed for use. Misuse of the school's iPads is taken very seriously, students found to be using them inappropriately will be banned from using them and further action will be taken.

## EduLink One

EduLink One is Grey Court's parental communication tool which can be accessed via the app or browser, providing parents and carers access to information held by the school on students including: achievement and behaviour points, timetables, homework, attendance, clubs, and catering balances.

If you need help setting up your account, please contact [rjacob@greycourt.org.uk](mailto:rjacob@greycourt.org.uk).

You will need to use the School ID: grey or greycourt, or tw107hn when asked. Once you have finished setting up your account, if you notice one of your children is missing from EduLink One, please email [rjacob@greycourt.org.uk](mailto:rjacob@greycourt.org.uk) with the full name and year group of your child who is not appearing.

Students can also access EduLink One via the app or browser, using the School ID (grey or greycourt), and their school network (not email) login details. e.g. Freddie James who joined Greycourt in September 2025 username would be fjames25.

(\* Year 7 student passwords will be issued in their first computing or DT lesson).

## Google Classroom

Google Classroom is our VLE (virtual learning environment). Teachers will provide resources for students on the platform which they can access from home. Students will also have access to a variety of free Google software including a word processor, spreadsheet, presentation, and unlimited storage.

Students should login to the Grey Court Google Classroom platform directly from the Google homepage by clicking 'Sign in' in the top right hand corner.

Students' usernames and passwords will be issued by their computer science teacher.

Please contact Mr Jacob or the IT Technician team if you require any support.

[rjacob@greycourt.org.uk](mailto:rjacob@greycourt.org.uk)

[helpdesk@greycourt.org.uk](mailto:helpdesk@greycourt.org.uk).

Teachers will use Google Classroom to set and log homework for students. Students may be required to hand in their homework via Google Classroom, or check Google Classroom to find out the details of the homework and complete it in their exercise books.

## Mobile Phones

Our aim is to provide students with a mobile phone free school environment. With the pressures of mobile phone trends, and social media, we want our school environment to enable a digital detox for our young people. Therefore, all students in Year 7-11 will be required to hand their phones in daily. Phones will be collected in AM registration and stored in a secure environment, and collected back by the student at the end of the day, in PM registration, or after a detention. This will allow them space from their phones throughout the school day.

KS5 students operate a 'not seen, not heard' policy in lessons, and around the main school site. They are permitted to use their phones in the sixth form building common areas.

## Grey Court Expectations

Arrive at lessons on time and with the proper equipment to learn effectively.

Enter quietly when asked to and quickly get ready to learn by taking out your equipment. Coats should have been removed before entering the classroom.

Remain silent and concentrate while your teacher talks to the class. Your teacher has a right to teach and all of your classmates have a right to learn.

Follow all the school rules and instructions from teachers all of the time.

Pack away and leave only when your teacher tells you to do so. Make sure the room is tidy before you leave.

RESPECT for each other is most important. There is no excuse for rudeness.
